News from APS

IMPORTANT NEWS ABOUT YOUR BILL

At APS we are committed to communicating changes that might affect you. Effective January 01, 2012, the Arizona Corporation Commission approved the Company's request to reduce the System Benefits Charge ("SBC") which will be shown as a separate line item on the bill called the System Benefits Adjustment ("adjustment"). This temporary adjustment will reduce the SBC charge for customers on the Company's E-3 limited-income rate from \$0.00185/kWh to \$0.00160/kWh. The SBC for all other customers will be reduced from \$0.00210/kWh to \$0.00185/kWh. The reduction came about as a result of the Nuclear Regulatory Commission (NRC) renewing the operating license for Palo Verde Units 1, 2 & 3.

For general service customers with 20 kW or less using 1,430 kWh per month, this temporary adjustment will decrease their monthly bill by approximately 0.17% or by \$0.36 per month. General Service customers with greater than 20 kW will see a decrease of 0.25% or by \$15.56 per month based on an average monthly energy consumption of 62,238 kWh. APS offers tips and ideas for reducing electricity use on aps.com. See the "Save Energy" icon in the lower right hand corner of the Web Site. **For additional information or questions, visit aps.com or call (800) 253-9407 or (602) 371-6767 (in metro Phoenix).**
