A New Corporate Identity for APS

You've likely noticed a different APS logo at the top of this bill. This new look and logo are part of APS's new corporate identity. Today, transformational issues such as the development of clean energy technologies, energy efficiency improvements and changing customer expectations necessitate a new approach for APS - including a new look and logo. The new corporate identity also provides APS a look and logo that are modern and flexible for a variety of uses. Though APS's look has changed, you can be assured our dedication to our customers and communities will remain.
